Katsmith is a CFA registered cattery, breeding Siamese & Colorpoint Shorthair kittens located in Central Florida. All my cats and kittens are registered with CFA (Cat Fanciers' Association), and meet the standard for their breed.

I chose Katsmith as my cattery name, not only because I was born Kathryn Smith, but because a smith (*n.1. one who makes metal objects*) is someone who creates, and I help to create beautiful cats. I breed for type and for healthy cats with a strong constitution and good personality. My cats are raised "under foot" in my home and are part of my family.

My cats are regularly shown in CFA, I have produced numerous Grand Champions, National Breed & Color winners, Regional & Color winners and 2 Distinguished Merits.

Siamese & Colorpoints are svelte cats with long tapering lines. They possess a wedge-shaped head with large ears and almond shaped, sapphire blue eyes, set at a slant. They have long, fine-boned legs and should have a long tubular, muscular body. Both breeds have a short, tight, close lying coat and a long, whippy tail.

Siamese come in only four point colors; seal point, blue point, lilac point & chocolate point. Colorpoint Shorthairs, also a pointed breed and which are exclusive to CFA come in 16 colors and patterns. Lynx points are found in the four Siamese colors; seal, chocolate, blue and lilac, they come in red lynx, cream lynx, seal-tortie lynx, chocolate-tortie lynx, blue-cream lynx & lilac-cream lynx point. Solid point colors are red point & cream point. The last 4 are the parti-colors; seal-tortie point, chocolate-tortie point, blue cream point & lilac-cream point.

Siamese & Colorpoints are an outgoing, people-oriented breed. They are playful and very talkative; they'll greet you at the door, play fetch and can be trained to walk on a leash. They are not your typical aloof cats and will not be ignored. They want and need human companionship, and they want to be with you, in your lap or sleeping on your head. They get along very well with other cats & dogs.

I have kittens available right now, so if you are interested in adding one of these incredible cats to your family please visit my web site [www.katsmith.net](http://www.katsmith.net) Please contact me if you have any questions 917-969-9482 or [cats@katsmith.net](mailto:cats@katsmith.net)
